

This season's Fresh Product will be ready for distribution October 15th. Give your grocer an order to-day for your winter supply.

"No matter how much you pay you can't get any better canned goods."

## WILL BE TRIED FOR MURDER OF LUCAS

Five Men Charged With Cold-blooded Killing in Virginia Mountains.

[Special to The Times-Dispatch.] Christiansburg, Va., October 3.—Circuit Court convened to-day. The case of Ellis Goad, Elmer Willis, Samuel Gillespie, E. L. Maxey and W. F. McGrady, jointly indicted for the murder of Thomas Lucas on the night of June 12, was taken up. The defense elected to separate, and Goad will be called first. He is charged with firing the shot that killed Lucas. The entire day was consumed in selecting a jury. Sixteen men were accepted out of venire of sixty-four. Four of these will be dropped to-morrow, and what appears to be the hardest fought murder trial seen here in years will begin. Commonwealth's Attorney Hoop is assisted by R. L. Jordan, the defense being represented by Harless and Colburn and former United States District Attorney Thos. Lee Moore. Widespread interest is manifested throughout this section. It is charged that the five heretofore indicted Lucas to leave this section, where he was employed at a sawmill, near Bennett's Mill, and intercepting him in the night and shot him in his wife's presence, leaving the woman alone in the mountain with her murdered husband.

**Case Goes to Grand Jury.** [Special to The Times-Dispatch.] Williamsburg, Va., October 3.—Clarance Martin, the young white man who shot and seriously wounded William Badkins last Thursday evening was given a preliminary hearing before Mayor E. W. Warburton this morning and his case was sent to the grand jury. Martin was admitted to bail in the sum of \$100, with Harry Bozarth as surety. Badkins, who was shot twice by Martin, while not out of danger, shows improvement. The wound in his breast is causing him much pain, but it is believed he will recover. The bullet has not been located, and the X-ray will be used as soon as Badkins' condition will allow. It is understood the wounded man says he will not testify against his assailant should he recover.

## News of Petersburg

**Times-Dispatch Bureau.**  
109 North Sycamore Street.  
Petersburg, Va., October 3.—Daniel Wright, a negro, was shot in the left thigh last night about 9 o'clock by another negro, Theodore Jackson, alias Seaboard. The shooting took place on Second Street, a short distance from Lombard. Wright claims to have done nothing to Jackson to cause him to shoot him. Wright says that he and Jackson had been drinking cider together all Sunday evening, and that they had just taken a drink on Lombard Street, when Jackson threw his arm around him, pulled him a short distance on Second Street, and drawing a pistol from his pocket, remarked, "I fix you now," and shot him in the left thigh. Jackson fled immediately after the shooting, and has not yet been arrested. Wright was taken to the hospital, where the bullet was extracted.

**Meeting of Tobacco Association.**  
The annual meeting of the Petersburg Tobacco Association was held at noon to-day at Virginia Warehouse, and the following officers elected for the ensuing year: President, T. J. Gills; Vice-President, A. M. Hill; Secretary, Treasurer and Supervisor of Sales, I. B. McCulloch; Board of Managers, A. G. M. Martin, F. C. Spencer, Robert A. Orr and Paul.

**Cutting Affair.**  
George Blankenship was arrested yesterday on the charge of feloniously cutting L. T. and H. E. Johnson, brothers. The cutting took place on West Street, and occurred Saturday night. The Johnsons claim that Blankenship was drunk and cut the younger of the two brothers, and when asked for an explanation by L. T. Johnson, the older brother, he used a knife and cut him in the head and several times on the body. H. E. Johnson was

## NOTED EDUCATORS WILL BE PRESENT

[Special to The Times-Dispatch.] Charlottesville, Va., October 2.—Representing the leading universities of the country, thirty educators of national note will gather in Charlottesville on November 10 and 11 for the twelfth annual conference of the Association of American Universities. Great interest centres in the event, not only because of the prominence of the attendants but because phases of higher education common to all the large universities will be discussed carefully, and suggestions made with a view to their betterment. Three papers will be read at the conference. The titles this year are "Degree of Master of Arts," by the Columbia representative; "Appointment of University Professors," by the Wisconsin representative, and "Line of Credit for Professional Work to Count Toward the Degree of Bachelor of Arts," by the delegate from Indiana. These papers will be carefully studied in the evening and will form the basis for discussions. The president of the association is Provost Harrison of the University of Pennsylvania. Among those who will attend are: Professor W. H. Carpenter and Calvin Thomas, of Columbia; President Edmund James, of Illinois; President W. S. Bryan and Dean Horace A. Hoffman, of Indiana; Dean Jones, of Yale; Director Chittenden, Sheffield Scientific School; President Harry B. Hutchins and Dean John Reed, of Michigan; Dean John F. Downey, of Minnesota; Chancellor Frank Strong, of Kansas; President of Chicago, Dean Page will probably be a representative of Virginia.

**Enrollment Completed.**  
[Special to The Times-Dispatch.] Harrisonburg, Va., October 3.—The State Normal School has completed the enrollment. The attendance is 130, which is about fifteen more than the total number of the entire fall term in 1909. The attendance will pass the 300 mark before Christmas. Fifty-two counties of the State are represented with students, and seven States—the two Carolinas, Georgia, Tennessee, Maryland, West Virginia and Ohio.

**Taken Acid by Mistake.**  
[Special to The Times-Dispatch.] Harrisonburg, Va., October 3.—A. B. M., a well-known cooper, is dangerously ill on North Main Street. Yesterday he took carbolic acid instead of whiskey for indigestion, and drank on him with a stomach pump, but gastritis is feared. He delayed sending for a physician on account of deeming not to alarm his wife. When doctors arrived he was unconscious.

stabbed in the left shoulder. Blankenship, on the other hand, claims to have acted solely in self-defense. Blankenship was bailed in the sum of \$200 for his appearance before the Police Court on Wednesday morning.

**City Sergeant John B. Evans** received information yesterday that his brother, William G. Evans, formerly of Petersburg but at present an engineer on the Atlantic Coast Line Railroad, with headquarters at Wilmington, N. C., was painfully injured in an accident at Fayetteville, N. C., Friday night. Just as Evans's train was entering Fayetteville it was met by another train leaving Fayetteville. Evans applied the emergency brakes and jumped from his engine. He received injuries about the legs and body and a sprained wrist. After the accident he was taken by a colored man to a hospital in Wilmington, and reports to-day are more favorable in regard to his injuries.

**Judge Walter A. Watson** convened the regular term of the Circuit Court for the city of Petersburg to-day. There were no cases for a jury, and the court took up only chancery cases. The Corporation Court, was also in session to-day, but only civil cases were brought up for trial.

**Sent to Jail.**  
Thomas Hobbs and Harry Scott, two colored boys, charged with the theft of a pocketbook from a colored woman several days ago, were sentenced to three months in jail in the Police Court this morning. An unsuccessful effort was made to get the boys in the colored reformatory instead of giving them a jail sentence.

**Brief Mention.**  
A young white couple applied to the clerk of the courts to-day for a marriage license. They claimed Richmond as their home, and were told that they must have the license in Richmond. They would not give their names, and seemed to be very much disappointed in not obtaining a license.

**Report of Chief of Police Ragland** for the month of September shows 242 arrests; seventy of these are for violation of ordinances, 130 for felony and the remainder misdemeanors.

**Captain R. B. Boaz**, of the Old Dominion steamer Hamilton, spent yesterday in Petersburg.

**Mrs. William Hodges**, of Park Place, Norfolk, who has been visiting in Petersburg, accompanied by A. G. M. Martin, chairman of Police Commissioners; Chief of Police Ragland and Sergeant Cameron, left for the city in an automobile Saturday night.

**O. J. Dyson**, a former police officer, suffered paralysis of the face and tongue last night, and his condition is regarded as serious.

**Rachel Lorraine**, daughter of S. M. Doble, died at the residence of her parents, on Harding Street, on Sunday morning.

**The regular meeting of the Common Council** will be held to-day evening, when the ordinance in regard to changing the hour of the meetings will be acted upon.

## BANISHED

Coffee Finally Had to Go.

The way some persons cling to coffee even after they know it is doing them harm is a puzzle. But it is an easy matter to give it up for good when Postum properly made is used instead.

A girl writes: "Mother had been suffering with nervous headaches for seven weary years, but kept drinking coffee."

"One day I asked why she did not give up coffee as a cousin of mine had done who had taken to Postum. But mother was such a slave to coffee she thought it would be terrible to give it up."

"Finally, one day she made the change to Postum, and soon her headaches disappeared. One morning while she was drinking Postum so freely and with such relish I asked for a taste."

"That started me on Postum, and I now drink it more freely than I did coffee, which never comes into our house now."

"A girl friend of mine one day saw me drinking Postum, and asked if it was coffee. I told her it was Postum, and gave her some to take home, but forgot to tell her how to make it."

"The next day she said she did not see how I could drink Postum. I found she had made it like ordinary coffee. So I told her how to make it right, and gave her a cupful I made, boiling it fifteen minutes. She said she never drank any coffee that tasted as good, and now coffee is banished from both our homes."

Read the little book, "The Road to Wellville," in pkgs. "There's a Reason."

Ever read the above letter? A new one appears from time to time. They are genuine, true and full of human interest.

## SCHOOL CONTEST HAS BEEN SETTLED

Feeling Between Rival Communities Causes Abandonment of Project.

[Special to The Times-Dispatch.] Lancaster, Va., October 3.—The Rev. Wayland F. Dunaway, D. D., has tendered to Judge Wright of the Circuit Court, his resignation as member of the school trustee electoral board for Lancaster county. A vacancy on the county electoral board for appointing judges of elections has been caused by the recent death of W. T. Marsh. Much interest is felt here in the filling of these vacancies, and Judge Wright doubtless will select good men for these important and responsible positions.

The contest between Litwiltown and Wheaton for the proposed public high school in the upper part of White Chapel District has been settled satisfactorily to all concerned. The trustees, in view of the lack of funds to establish and run the High School and the excited state of feeling existing in the two rival communities, decided to abandon for the present the establishment of a high school in that part of the district, and the decision has been approved by the county trustee electoral board, to which an appeal was taken by the people of Litwiltown. The district board will have the school at Wheaton enlarged and repaired and a new two-room school-house built at Litwiltown. Both will be graded schools, and as there is already a high school in the district the decision of the district board not to build an additional one is generally approved.

Dr. Frank W. Lewis, superintendent of schools for the school division comprising Lancaster and Northumberland, has made arrangements to hold a teachers' institute here next Friday and Saturday for the benefit of the white teachers of the two counties. E. H. Russell, formerly member of the State Board of Examiners, and now president of the Fredericksburg Normal and Industrial School; Aigron B. Chandler, school examiner and inspector of this circuit, and Robert Lee Blanton, editor of the Virginia Journal of Education, will be present and deliver lectures and addresses. It is expected that some of the local teachers will read papers on subjects relating to teaching and school economy.

All the high schools in this school division have begun work except the one at Reedville, which was destroyed by fire last June and has not yet been rebuilt, and all the primary and grammar schools will open to-morrow. In spite of the fact that the high schools have been running for two weeks, the circulars announcing the books authorized for use in the public high schools have just been received from the central office in Richmond, and the teachers are still at sea with regard to many of the books, since the official circular announcements that contracts have not yet been signed, and probably will not be signed, for many of the books adopted by the State Board of Education. As a result of this delay none of the schools are supplied with the necessary text books, and the local dealers as they have declined to order them, as they say they cannot afford to keep them for sale under existing conditions. Such a state of affairs never prevailed here before.

An epidemic of infantile paralysis has for some time been prevailing in and around Wheaton, in the northwestern part of Lancaster. Six or seven cases have thus far been reported, and one case has resulted in death. All the local physicians are at a loss to account for the prevalence of this distressing malady.

As the merry autumn days advance the marriage announcements are growing in number. Mr. and Mrs. John C. Brewington, of Irvington, have issued invitations to the marriage of their daughter, Miss Lily De Berry Brewington, to Howard O. Rock, cashier of the Lancaster National Bank at Irvington. The ceremony will take place Wednesday afternoon, October 12, in the Irvington Methodist Church. Other interesting marriages, not yet formally announced, will take place later in the month.

Extensive improvements have just been made to the courthouse here, including a new stairway to the second floor and a new ceiling in the hallway of the second story. It is the purpose of the supervisors to continue the improvements till

the interior of Lancaster Courthouse is made one of the most attractive in the State.

The oyster season has been open for the past fifteen days, but reports from nearly every section represent the oysters as poor and the prospect for a successful year unpromising. It is said that the new regulations governing the packing of shucked oysters will put all the small packers out of the business.

The weather here for the past three or four weeks has been unusually warm and dry. The farmers have managed to save good crops of hay and fodder, but late corn and other crops have been cut short by the drought.

## CAMPAIN SPEAKERS AT OPENING OF COURT

[Special to The Times-Dispatch.] Martinsville, Va., October 3.—This, the first day of October Circuit Court in Henry county, brought out a large crowd. Albert Blair, of New York, spoke here at 1 o'clock in behalf of John M. Parsons, Blair devoted most of his speech to a defense of the protective tariff and to a comparison of the standard of living here and in England. He even ascribed the deterioration of the British soldiery to the baneful effects of free trade. Mr. Blair received the respectful attention of a fairly large crowd, among whom were a large number of Democrats. There was a notable lack of enthusiasm among Blair's hearers. At the close of his speech, John B. Anglin, insurgent Republican candidate for Congress in this district, made a short talk. The Democrats had no speaker on hand to-day.

## Dies of Pellagra

[Special to The Times-Dispatch.] Roanoke, Va., October 3.—Mrs. Virginia Hodges, aged forty-nine, died to-day of pellagra. This is the second death from the disease here in the last three months. Ash M. Prince, assistant postmaster of Roanoke, is ailing of the malady.

## CIRCUIT COURT IN SPOTSYLVANIA

[Special to The Times-Dispatch.] Spotsylvania, Va., October 3.—The October term of the Circuit Court of Spotsylvania county was convened to-day by Judge T. R. B. Wright, of Essex county, who was designated by Governor Mann to hold this court in the place of Judge John E. Mason, who is undergoing treatment in a hospital at Richmond. The chancery side of the docket occupied the attention of the court to-day. The trial of Boss Bundy, under an indictment for felonious and malicious cutting and stabbing, will come up at this term, and is quite an interesting case. Bundy, some days after the offense was committed and while the officers were in search of him, delivered himself to the sheriff and was lodged in jail. At the preliminary examination ball was refused the accused and he has since been in jail. Self-defense and justification will be pleaded. This case will excite great interest.

Much concern and great sympathy are felt for Judge Mason, who is extremely popular with the bar and people of our county. The women of the Confederate Monument Association of Spotsylvania gave to-day a public dinner on the courthouse grounds in aid of the Monument fund, and quite a handsome sum was realized. The continued drought is greatly retarding the farmers, who are very much behind with their work. Plowing is impossible, and little or no preparation has as yet been made for seeding a wheat crop. Superadded to this is great scarcity of labor, which materially militates against all enterprises where labor is the main factor.

The yield of the corn crop is far below the average in this section. Weather and want of labor conditions brought about this result in the main, and with most farmers there will be some stint of necessary grain and provender for their maintenance on the farm the coming winter.

## Construction Bids Received.

[Special to The Times-Dispatch.] Roanoke, Va., October 3.—The civil engineering department of the Norfolk and Western to-day received a number of bids for construction of the Dry Fork branch extension, starting from Canebrake and ending at Cedar Bluff, on the Clinch Valley. It will be several days before the names of successful bidders can be announced. The line will be about thirteen miles long, and the cost will be in the neighborhood of \$2,000,000.

## Fisherman Is Killed.

[Special to The Times-Dispatch.] Wytheville, Va., October 3.—Levi Summitt was killed here this morning by a rock rolling down on him from a cliff on Reed Creek, while fishing. He had been a resident of Wytheville about one month, having moved here from Carroll. When found, he was in the water of the creek near the bank with a deep hole cut in the back of his head near the ear. He leaves his wife, mother and a large family of children.

## Will Join Husband.

[Special to The Times-Dispatch.] Charlottesville, Va., October 3.—Mrs. C. A. Smith, with her three children, has left the University of Virginia for New York, whence she will sail for Berlin to join her husband, Dr. Charles Alphonso Smith, Dr. Smith, who was the founder of the Poe School of English, which course he taught at the university last year, is filling the Roosevelt professorship of English literature at the University of Berlin this year. He is absent from Virginia on leave and will return next year.
